22 December 2009

Continued Participation by Japan in the Research Survey on BANZARE Bank

South Africa, Uruguay and the Republic of Korea have withdrawn from the research survey on BANZARE Bank under Conservation Measure 41-07 (COMM CIRC 09/147–SC CIRC 09/76).

In the absence of any objections from Members, it is assumed that, as from 1 January 2010, Japan will take 18 tonnes in each of the three remaining sampling sectors in Division 58.4.3b as part of the Japanese research survey in those areas. Japan will designate the areas one by one and will take the full catch in each before moving to the next designated area.

D.G.M. Miller
Executive Secretary
