## TO ALL MEMBERS OF THE COMMISSION AND THE SCIENTIFIC COMMITTEE

**COMM CIRC 03/57**  
**SC CIRC 03/13**

5 August 2003

### Notifications of New and Exploratory Fisheries in 2003/04

The deadline for submitting notifications for new and exploratory fisheries in 2003/04 was 27 July 2003 and the Secretariat has received notifications from 13 Members (summary attached).

Notifications in their original language will be placed on the CCAMLR website on 8 August 2003 (see password-protected section under the Commission/Scientific Committee menus). Notifications will be available at a later date as CCAMLR-XXII documents.

Dr D.G.M. Miller  
Executive Secretary

Attch.

**Summary of Notifications for New and Exploratory Fisheries in 2003/04**

| <b>Member</b>        | <b>Subarea/Division</b>                                        | <b>Target Species</b>                                                                                                              | <b>Fishery</b>       |
|----------------------|----------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| Argentina            | 48.1, 48.2, 58.4.1, 58.4.4, 58.6, 58.7, 88.3                   | <i>Dissostichus</i> spp.                                                                                                           | Exploratory longline |
| Argentina            | 48.6                                                           | <i>Dissostichus</i> spp.                                                                                                           | Exploratory longline |
| Argentina            | 58.4.2                                                         | <i>Dissostichus</i> spp.                                                                                                           | Exploratory longline |
| Argentina            | 58.4.3a, 58.4.3b                                               | <i>Dissostichus</i> spp.                                                                                                           | Exploratory longline |
| Argentina            | 58.5.2 west of 79°20'E                                         | <i>Dissostichus</i> spp.                                                                                                           | Exploratory longline |
| Argentina            | 58.5.1, 58.5.2 east of 79°20'E                                 | <i>Dissostichus</i> spp.                                                                                                           | Exploratory longline |
