**TO ALL MEMBERS OF THE COMMISSION  
AND THE SCIENTIFIC COMMITTEE**

**COMM CIRC 09/145  
SC CIRC 09/75**

21 December 2009

**Notification for Scientific Research in 2009/10 – UK**

In accordance with Conservation Measure 24-01, Members are advised that the UK has submitted a notification to conduct scientific research in Subarea 48.3 in January and February 2010 (attached; see also SC-CAMLR-XXVIII, paragraph 4.56). This notification falls under paragraph 2 of Conservation Measure 24-01.

Dr D.G.M. Miller  
Executive Secretary

Atth.

**NOTIFICATION OF RESEARCH VESSEL ACTIVITY IN ACCORDANCE WITH  
PARAGRAPH 2 OF CONSERVATION MEASURE 24-01**

**Name and registration number of vessel:** FV *Sil*, (Registration No. 730450)

**Division and subarea in which research is to be carried out:** 48.3

**Estimated dates of entering and leaving CCAMLR Convention Area:** The vessel plans to enter subarea 48.3 on approximately 10/11<sup>th</sup> January 2010, and depart approximately on 10/11<sup>th</sup> February 2010.

**Purpose of research is:**

- To estimate the standing stock of mackerel icefish to allow the production of an assessment of stock size for derivation of a Total Allowable Catch, and for investigations into icefish population structure and management;
- To collect additional data to further develop the recruitment index for Patagonian toothfish;
- To carry out deepwater trawls (500-1250m) over the course of 10 days to provide preliminary information on the density of grenadiers and other bycatch species.

**Fishing equipment likely to be used:** Bottom trawl: FP-120
