TO ALL MEMBERS OF THE COMMISSION AND THE SCIENTIFIC COMMITTEE

COMM CIRC 07/60
SC CIRC 07/29

14 June 2007

New Science Officer

Pursuant to COMM CIRC 07/13, more than 40 applications were received for the above position which had been advertised in accordance with the procedures for international recruitment agreed by the Commission. Applications were prioritised on the basis of pre-designated selection criteria. An initial shortlist of 10 applicants was compiled. This list was re-prioritised and the top three applicants were selected for interviewing. The Scientific Committee Chair was provided with the shortlist and the names of the three applicants in advance of the interviews taking place.

Accordingly, Members are informed that Dr Keith Reid has been selected to succeed Dr Eugene Sabourenkov as the CCAMLR Science Officer. Dr Reid is a highly qualified and well-respected scientist from the British Antarctic Survey. He has a PhD from the University of Liverpool. He also has considerable Antarctic field experience and is the current Convener of WG-EMM. Dr Reid will join the Secretariat at the end of January 2008.

Dr D.G.M. Miller
Executive Secretary
