Accessing CCAMLR Meeting Documents on the Website

Further to COMM CIRC 08/17–SC CIRC 08/4, Members are advised that the Secretariat's modified reference library of meeting documents is now available on the CCAMLR website in the relevant Commission and Scientific Committee password-protected sections.

The archive has been secured in accordance with the security protocols of the existing document access procedure, thereby retaining the hierarchy of privilege currently in use.

Members are reminded that all documents in the archive are subject to the Rules for Access and Use of CCAMLR Data (*Basic Documents*, Part 11) and, where applicable (e.g. some SCIC documents), the Rules for Access to Catch Documentation Scheme Data (*Basic Documents*, Part 12) (CCAMLR-XXVI, paragraph 14.4).

Development of the document-searchable database is continuing within the current budgetary constraints and staff priorities.

A list of the locations of meeting documents within the reference library is attached.

Dr D.G.M. Miller
