16 March 2010

Award for Dr Rennie Holt

It is with great pleasure that I advise Members that Dr Rennie Holt has been awarded the USA's National Oceanic and Atmospheric Administration (NOAA) Distinguished Career Award.

Dr Holt's invaluable contribution to CCAMLR spanned 20 years (1989–2009) during which time he was the US Representative to the Scientific Committee, Chair of the Scientific Committee from 2001 to 2004 and convener of various working groups and subgroups.

Members will agree that this award to Dr Holt is a well-deserved honour for his leadership and management of NOAA's Antarctic Marine Living Resources Program, providing scientific advice for international resource management..

Dr D.G.M. Miller
Executive Secretary
